APPETITE GUIDE

Nationwide®

Meet the Protectors

We're focusing our appetite on protection-minded individuals who look beyond price. They value extensive protection and take pride in safeguarding their homes, cars and personal belongings.

Nationwide's tailored offerings, exceptional services, and loss prevention opportunities will help position you to win and retain these customers.

Watch this brief video to learn more about Protectors.

Protectors appetite

Our appetite is Protectors. Learn more about key mindsets and behaviors that can help you determine whether Nationwide® is the best fit to meet a customer's needs.

Include customers who:

- Own multiple products per household
- Tend to stay with a carrier for 3+ years
- Have not submitted a claim in the past 3 years
- Desire guidance when making insurance decisions
- Value telematics and smart home monitoring protection

Protectors are consumers who value the security that insurance offers and seek out quality coverage. They want protection that goes above and beyond minimum requirements and they understand the value of additional coverages.

We're focused on helping you meet their needs with specialized protection.

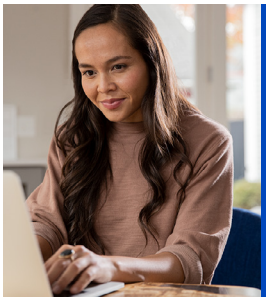
Look for preferred protection-oriented customers with these characteristics:

For auto:

- 2+ vehicles
- 2+ drivers
- Tenure with a prior carrier — minimum 6 months of continuous coverage
- Good driving history (few/no incidents)
- Minimum 3 years of driving experience
- High-/mid-rated BI limits
- Comprehensive and collision coverages on 1+ vehicles

For property:

- Few to no prior losses
- Higher deductibles
- Condo or Tenant combined with at least 1+ auto policy
- Homes with a newer roof in good condition; electrical, plumbing and major mechanical updated and in good condition
- Higher credit score tiers
- Continuously insured with prior carriers 2+ terms



We know it's important for you to have a clear view of our state-level appetite.

This resource provides the most up-to-date information for each state.

Smart protection suite

Nationwide's smart protection suite enhances the insurance experience for members with products, programs and resources, empowering them to actively safeguard what matters most, whether at home or on the road. The protection suite includes SmartRide®, Smart Home, Focused Driving Rewards and Weather Alerts from Nationwide.

Nationwide SmartRide®

Learn more about our telematics program that measures driving behavior and offers safe drivers the opportunity to earn discounts. Possible benefits and rewards include:

- Customers can take control of their auto rates by saving (up to 40%[1]) with SmartRide
- Customers who participate in the SmartRide program typically have 2.2 points higher retention than those that do not try telematics[2]
- On average, SmartRide participants earn a 25% discount (after completing the evaluation period)[2]
- Telematics programs have proven to reduce distracted driving through driver feedback and coaching
- Telematics participation may also result in a home policy discount

Additional benefits

Competitive position

- Competitive solution/quote
- Higher potential bind rate

Profit

- Attract safe drivers that want savings
- Reduce the risk of potential accidents

Satisfaction

- Customers are rewarded for safe driving
- May lead to higher retention rates

Price-to-risk match

- Customers have more control over their auto insurance

Nationwide has been ranked #1 in Customer Satisfaction among Usage-Based Auto Insurers for two years in a row.*

Protectors value the security that insurance offers and seek out quality coverage. That's why adding telematics and innovative solutions to your client's coverage could make sense.

[1] SmartRide program criteria differ in California and North Carolina. Stated discounts are approximations. Discounts do not apply to all coverage elements; actual savings vary by state, coverage selections, rating factors and policy changes. The enrollment discount applies during data collection; the final discount is calculated on driving behavior and could be zero. The final discount applies at the next policy renewal and is subject to change based upon actuarial support at subsequent renewals or with changes in drivers or vehicles on the policy. In Virginia, the discount may decrease at renewal based on changes in driving behavior.

[2] These findings are based on national Nationwide data from October 2023 through September 2024 for customers who complete the SmartRide evaluation period (excluding California).

Nationwide's smart home program

Be a hero to your clients and help them prevent water and electrical issues in their home with smart device technology. Potential benefits include:

- It gives clients peace of mind through home monitoring protection
- Home monitoring sensors are available at no additional cost for homeowner and condo policy holders (rental/tenant policyholders can purchase sensors at a discount)
- Members may be eligible for a policy discount
- 71% of homeowners believe that smart home products help them save money[3]
- 64% of homeowners would be interested if their agent informed them that Smart Home could help them[4]

Additional benefits

Competitive position

- Unique benefit that could help retain customers
- Improved ability to multiline

Profit

- Attract protection-minded customers who are more likely to care and maintain their homes
- Improved loss ratio

Retention

- Customers are rewarded for protection
- Higher satisfaction from customers who have been alerted and were able to stop a problem before it became a leak or fire

Loss prevention

- Customers have more control to stop losses that could impact premium in the future
